In response to increasing demand from our Practitioners, Biotics Research has implemented a new e-mail program to bring important, leading-edge information and literature to you, thereby helping facilitate the growth of your practice. Biotics Research products are available exclusively through Healthcare Providers.

Our featured supplement of the week is the **BioDetox Programme**

Why do your patients need the BioDetox programme? All Healthcare Practitioners share common goals in regard to their patients; restore balance & homeostasis, and treat the underlying causes of pain, inflammation, and chronic health issues. One of the leading challenges to addressing these clinical goals is the presence of an overwhelming toxic load (endogenous and exogenous), which impairs many pathophysiological systems, including Phase I and Phase II conjugation, impaired excretion, dysbiosis, increased gut permeability, macronutrient imbalances, and multiple enzymatic and micronutrient imbalances. These widespread physiological disturbances impair the body's ability to effectively handle health challenges, often resulting in chronic health issues which may prove to be resistant to traditional therapies.

Why choose the BioDetox Programme from Biotics Research Corporation? The recommended combination of products was formulated with ease of use and patient compliance in mind. Great care went into the creation of this program whereby the liver-gastrointestinal connection and its resulting inflammation are addressed.

We recommend (10 Days Supply):

- 2 bottles of **NutriClear®**,
- 1 bottle of **Whey Protein Isolate**,
- 1 bottle of **Bio-Detox Packs™** (30 Packets).

Practitioners instruct their patients to follow an "anti-inflammatory" diet and consume the products as below. Diet as described in "The Easy Step 21 Day Detox", please visit: <http://nutri-linkltd.co.uk/education/21dayDetox.php> for details.

Breakfast	Lunch	Mid-Afternoon Snack	Dinner
2 scoops Nutri-Clear® 1 scoop Whey Protein Isolate 1 packet Bio-Detox Packs™	Light, healthy lunch 1 packet Bio-Detox Packs™	2 scoops NutriClear® 1 scoop Whey Protein Isolate	Healthy dinner 1 packet Bio-Detox Packs™

As always, you can count on Biotics Research Corporation to offer superior nutritional products supplying *"The Best of Science and Nature"*.
