

# LIPID REPLACEMENT THERAPY ( LRT<sup>®</sup> )

## Reverses age related cellular energy deficit

# HEALTHY AGING FORMULA

Containing NT Factor<sup>®</sup>

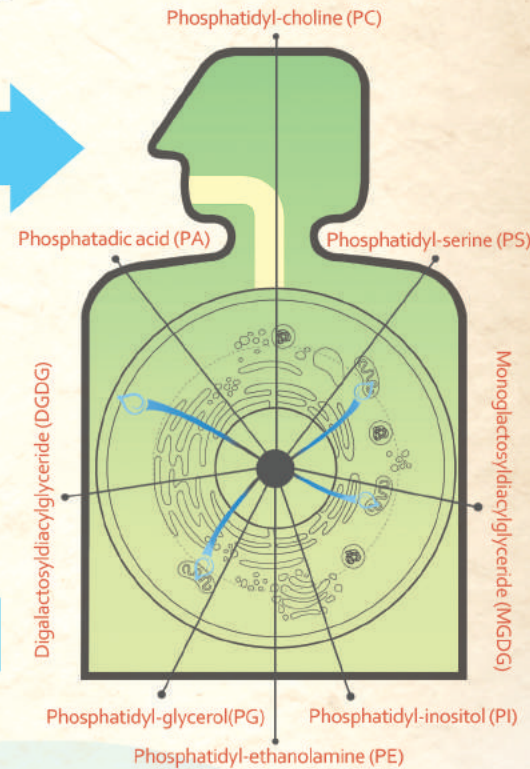

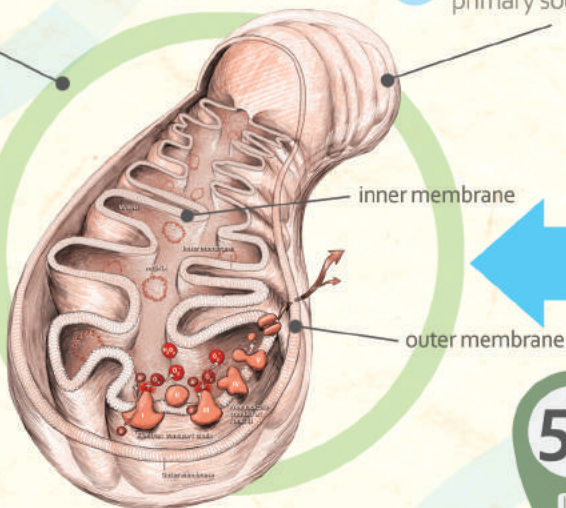

## ORAL LRT<sup>®</sup>

LRT<sup>®</sup> is the provision of essential membrane lipids in the precise ratio found in all cell membranes.

NT Factor<sup>®</sup> - Developed by scientists

Spontaneous incorporation of LRT<sup>®</sup> ensures all cell membranes are repaired

MITOCHONDRIA

Reduction in age related fatigue

Fatigue resolution

- As we age, we lose mitochondrial membrane integrity.
- LRT<sup>®</sup> demonstrated repair of membranes in older people.
- After just 60 days their mitochondria matched those of a healthy 29 yr old control.
